With reference to this No 2002 dated 15th instant, forwarding copy of this docket No 200 to the Executive Engineer, Kadur Division returning duly sanctioned the project for Rs 7568/ for filling in the trench and levelling the grounds of the old Fort at Tarikere, and requesting to obtain necessary agreement for the loan given to the Municipality, has the honour to forward for his information copy of the then Deputy Commissioner Mr Pharsis letter No 16 dated 13th August 1918

2 The Superintending Engineer will observe from para 5 of the said letter that the Municipal Board of Tarikere in their meeting of the 28th Jan

resolved to raise a loan of Rs 7400/ from Government, that no interest should be charged on Rs 2000/ the estimated cost of filling in the Trench &c, in the area reserved for the Railway, that should the land be taken up by the Railway Authorities, the above sum be deducted from the loan as compensation, that half the amount realized by the sale of the building sites be paid towards the balance of the loan viz Rs 5400/, that the usual rate of interest should then begin to be charged on this sum, and that whatever sum would be found outstanding after payment of half the sale proceeds towards Rs 5400 be liquidated by annual instalments of Rs 500/

3 The Government in their order No 12525-7 / 8761-92 dated 22nd Nov 92, in sanctioning the loan at para 2 of the proceedings, made it a condition that

4 In the event of any land taken up

the Railway and the amount of compensation to be paid by it to the Municipality, has not been settled, as the disposal of building sites is to stand over till the Railway into Tarakere is completed, and as only a portion of this work has now been finished, the undersigned is not in a position at present to execute the necessary agreement, the terms of which as ultimately settled may possibly vary considerably from the resolutions of the Board, accepted by Government.
